General Information On Window Treatments

All *M. Grace* catalogs, price lists and samples are the property of Marathon At Home, Inc. and shall be returned upon request.

Hours: M-F 8:00 – 4:00 CST

Contact: Toll Free: 800-643-8384
Fax: 479-787-6076

Terms: Net 15 Days upon approval. Visa and Mastercard accepted.

Prices: All prices are F. O. B. Factory. Prices are subject to change without notice.

Returns: Written authorization is required for goods to be returned. No credit is issued until items are received and credit approved. Returns are subject to a 15% restocking fee plus freight charges.

Damages: Claims for damages or loss in transit are the responsibility of the customer upon signing of the bill of lading by the driver at the factory. *M. Grace* accepts no responsibility for damages in transit, handling by a third party, or by the customer. Upon receipt, inspect all merchandise carefully noting any apparent or suspected damage on the freight bill before signing it. If damage has occurred, retain all packing and cartoning materials for carrier inspection. It is the customer's responsibility to file a claim with the carrier for any damages.

Delivery: Please request anticipated delivery time at the time of order. Standard ship times vary, but are generally fulfilled in 4-6 weeks.

**Custom
Orders:**

Custom window treatment orders must meet the following guidelines:

- 1) All fabrics, trims and embellishments must be selected from current *M. Grace* materials.
- 2) A fifty percent (50%) prepayment is required.
- 3) Custom orders are not subject to cancellation.

Estimated pricing can be calculated in some instances by referring to the custom pricing section of the *M. Grace* Wholesale Price List.

Alternatively, you may fax your request to customer service at 479-787-6076.

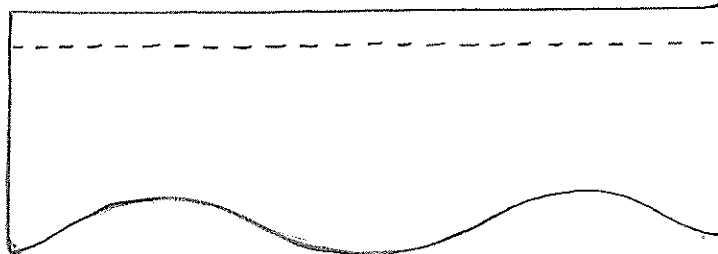

Raw

Materials: All *M. Grace* fabrics, trims and embellishments are available for purchase. For fabric pricing, refer to *M. Grace* fabric sample books.

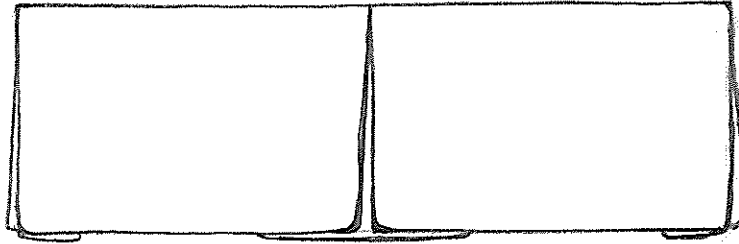

**Custom Panel
Styles and
Specifications:**

M. Grace offers the following custom panel styles:

- **Rod Pocket Top**
- **Flat Top with Rings**
- **Pinch Pleat**
- **Scalloped Valance**

- **Pleated Valance**

Every panel has a 4” double hem and a double 2” hem in the lining. The side hems are double 1.5”. Bottom corners are weighted.

Our panel price guide is based on one fabric width per panel (most fabrics are 54”). If more than one width is needed, multiply the figure (dollar amount) by the amount of widths to get your total price per panel. One-half widths are one-half of the amount. For example, panels can be made 1.5 widths each and will cost 1.5 times the single panel amount.

LINING

Interlining is available upon request. If requested, add \$20 per width for panels up to 96” in length and add \$25 per width for longer lengths (up to 120 inches).

Black-out Lining is available upon request. If requested, add \$20 per width for panels up to 96” in length and add \$25 per width for longer lengths (up to 120 inches).

Drapery Lining is available upon request. See the right column of the custom window price sheet for cost per panel.

MEASURING GUIDE

Rod Pocket Panels

Measure from the top of the pole to the floor. Remember, there will be some rod “take-up” when the material is gathered on the pole. Add approximately 1” to 2” to the finished length depending on the size of the rod.

Flat Top Panels (with Rings)

Panels that are hung from rings should be measured from the bottom of the ring to the floor for finished length.

Pinch Pleat Panels (with Rings)

Panels that are hung from rings should be measured from the bottom of the ring to the floor for finished length.

Functional Panels

If your panels are functional (to open and close), you need to provide the pole width (NOT including finials). In order to have the panels clear the window when opened, the pole width should be approximately 20% to 30% larger than the window width.

Non-Functional Panels

For non-functional panels, specify panel widths as single panel, 1.5 width panels or double width panels.

PUDDLING

Puddling is the amount of extra drapery length that will spill onto the floor.

1” puddle looks like a pant leg break where the draperies just rest on the floor.

2”-4” puddle will spill nicely onto the floor but still is not a large puddle.

6”-8” puddle is a true puddle. There is enough extra length for the draperies to fan out onto the floor.

Fabric

Specs:

- Fabrics are generally 54” wide unless otherwise stated.
- Dry cleaning is recommended for all *M. Grace* bedding and accessory products. Cleaning codes are listed on each fabric sample. Cleaning instructions are as follows:

Code S: Instruct a professional cleaning service to clean these fabrics with pure solvents. Petroleum distillate based products may be used. Caution: Use of a water based or detergent based solvent cleaner may cause excessive shrinking. Water stains may become permanent and unable to be removed with solvent cleaning agents.

Code SW: Instruct a professional cleaning service to clean these fabrics with water based cleaning agents. Petroleum distillate based products may be used. Pillow covers should not be removed for cleaning.

Code W: Instruct a professional cleaning service to clean these fabrics with water based cleaning agents or water based foam to remove overall soil. Many cleaning agents are harmful to the color and life of a fabric, and testing on an inconspicuous area is recommended before overall cleaning. Pillow covers should not be removed for cleaning.

Code X: Clean these fabrics only by light vacuuming or light brushing to prevent accumulation of dust and grime. Water based foam or solvent based cleaning agents of any kind may cause excessive shrinking or fading.

Sample

Request: Fabric and trim samples shipped via U.S. Postal Service are available at no charge upon request. If expedited shipping is desired, shipping charges are the responsibility of the customer.

Fabric

Collections: PLEASE NOTE THAT FABRICS FROM EACH COLLECTION ARE AVAILABLE BY THE YARD AND ARE SAMPLED IN VARIOUS *M. GRACE* FABRIC SWATCH BOOKS. THE *M. GRACE* BEDDING AND ACCESSORIES PRICE SHEET LISTS THE APPLICABLE FABRIC BOOK WHERE FABRICS CAN BE FOUND.

Color

Accuracy: We have used the best equipment available to prepare this sample binder. However, discrepancies between the color representations herein and the actual fabrics or other raw materials may occur. Please refer to your *M. Grace* fabric sample books for fabric samples. If necessary, we are pleased to offer sample swatches of fabrics and trims at no charge.
